---

### Meeting Purpose:

Provide a collaborative opportunity for the Clayton and Dingley community, local industries, state and local government, EPA Victoria and other relevant stakeholders to voice their concerns and aspirations regarding odour, dust, contaminated water run-off and other environmental impacts in the general Clayton and Dingley area.

### The Role of the Forum:

1. Provide an open forum which enables issues relating to odour, dust, contaminated water run off and other environmental impacts in the general Clayton and Dingley area to be discussed.
2. Provide an opportunity for local industries, state & local government, EPA Victoria, and other relevant stakeholders to report on plans, actions and progress towards the achievement of a healthy environment for the Clayton and Dingley community.
3. While the forum does not have any decision making authority, the intent is that the forum will inform key stakeholders and that public concerns are consistently understood and considered.
